IT Manager – Systems Engineering
Centene

To whom it may concern,

It is my pleasure to recommend Jorge Aguirre for employment with your organization. I have known Jorge for almost two years during which time he worked as a Systems Engineer for my team.

I have been consistently impressed with Jorge's attitude and productivity during the time that he has worked for the team.

Jorge is both very bright and quite motivated. I am confident that he will devote himself to a position with your organization with a high degree of diligence. He is a quick learner and has shown the ability to digest large volumes of information. He has also shown to be able to troubleshoot issues, work with other teams, and always a reliable person for any task assigned to him. Jorge has repeatedly demonstrated the ability to articulate information and ideas in both verbal and written forms.

I recommend Jorge without reservation. Please let me know if you have need for additional information.

Sincerely,
